VICE News Highlights "Turkish Mafia" Running Gülen Charter School in NY

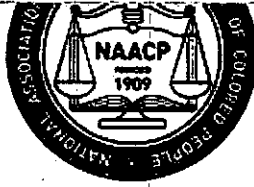

A new segment from VICE News recently aired on HBO, featuring interviews with *Empire of Deceit* author Robert Amsterdam and former parents and teachers at a charter school linked to Fethullah Gülen in Syracuse, New York.

According to one whistleblower featured in the segment, "It's almost like a Turkish mafia runs the school."

Another parent interviewed said she was deeply dismayed by the poor quality of education at the Gülen charter: "I think the goal of the school is to get the taxpayer dollars to help fund their movement. And our kids our paying the price for it."
